

I AM FULLY VACCINATED TRAVELLING TO NAMIBIA

ALL Fully Vaccinated travellers can travel **TO** Namibia with an **original verifiable vaccine certificate**. Last dose of vaccine must be at least 14-days before departure ie. day 15. Booster dose not required.

NO COVID TEST REQUIRED

Please Note :

Children 12yrs and older not eligible for vaccination must travel with a negative PCR Test . Please see details for unvaccinated travellers

Children **under 12 years** can travel without a Covid Test.

I AM NOT FULLY VACCINATED TRAVELLING TO NAMIBIA

ALL unvaccinated travellers age 12 years and older must have a **negative PCR Test** not older than 72-hours upon entry **into Namibia**. Time is calculated from the time the Swab is taken

It is a **mandatory entry requirement** to upload this PCR Test to the **Panabios Trusted Travel System** before boarding for your flight bound to Namibia

Children **under 12-years** can travel without a Covid Test

TRAVELLING TO SOUTH AFRICA

No Proof of Covid Test or Proof of vaccination required for travel to South Africa

Following the repeal of COVID-related regulations by the South African Government on 22 June 2022, there is now no COVID-related requirement in place for passengers arriving at a South African border post.

* **DIGITAL VACCINATION CERTIFICATES POWERED BY PANABIOS FOR NAMIBIAN RESIDENTS WITH NAMIBIAN VACCINE CARDS**

THE PLATFORM IS EQUIPPED WITH A 'SELF-UPLOAD' FUNCTIONALITY, ENABLING NAMIBIANS TO UPLOAD VACCINATION CARDS AND PASSPORT IMAGES FOR AUTHENTICATION.

This process will convert your Namibian Vaccination Card to a Digital Vaccine Certificate with a QR Code.

Public Notice No 9/2022

For assistance with the 'self-upload' process the COVID-19 toll-free number (0800 100 100) can be contacted
